If you are not sure the condition applies to you or do not understand a term, do not check the box. Use common sense. For example, Insomnia once last month probably isn't that important and would not be marked. However, Insomnia 1-2 times per week is notable and would be marked. Please take your time…

NUTRITIONAL INFORMED CONSENT

According to the Federal Food, Drug, and Cosmetic Act, as amended, Section 201 (g) (1), the term "DRUG" is defined to mean:

"Articles intended for use in the Diagnosis, Cure, Mitigation, Treatment or Prevention of disease."

A Vitamin is not a drug, NEITHER is a Mineral, Trace Element, Amino Acid, Herb, or Homeopathic Remedy.

Although a Vitamin, a Mineral, Trace Element, Amino Acid, Herb or Homeopathic Remedy may have an effect on any disease process or symptoms, this does not mean that it can be misrepresented or be classified as a drug by anyone.

Therefore, please be advised that any suggested nutritional advice or dietary advice is not intended as a primary treatment and/or therapy for any disease or particular bodily symptom.

Nutritional counseling, vitamin recommendations, nutritional advice, and the adjunctive schedule of nutrition is provided solely to upgrade the quality of foods in the patient's diet in order to supply good nutrition supporting the physiological and biomechanical processes of the human body.

Nutritional advice and nutritional intake may also enhance the stabilization of chiropractic adjustments and treatment.

I have read and understand the above.
